**PDM** (Professional Development Meetings) - Day-long professional development meetings hosted three times annually and featuring keynotes from a mix of industry leaders and faculty researchers.

**Summit** - COE's annual Leading Through Excellence summit, a three-day event that brings together continuous improvement professionals from across North America for a dynamic mix of keynotes, breakout sessions, workshops, and tours — all focused on elements of leadership and problem solving.

**Board Meetings** – Gatherings of COE's non-governing board, where members – one from each member company – have exclusive access to programming tailored to upper-level leaders and serve in advisory capacity regarding COE's strategic direction

**Benchmarking** – Quarterly, small-group Lean Leader Benchmarking sessions hosted at member company sites on audience-driven topics.

**ITLN, Supply Chain, and Women in Leadership** - Semi-annual programs in COE's IT Leadership Network, Supply Chain Symposium, and Women in Leadership series.

**Summer** – A session, sometimes a series of sessions, during the summer months on a variety of member-driven topics, often co-hosted by other Fisher College centers.

*In addition to our standard events above, there are also several select events hosted by COE internal and external partner organizations.*
