RECRUIT AT FISHER

A DESTINATION FOR RECRUITERS

Recruiting top talent for your organization is easy at Fisher. Our dedication is to connect you with candidates who are a perfect fit for the needs of your organization.

SOME OF THE BEST METHODS FOR REACHING POTENTIAL CANDIDATES INCLUDE:

FisherConnect

Accessed by hundreds of students and alumni on a daily basis, FisherConnect is a comprehensive system that enables you to post jobs and internships, create on-campus interviews, register for career fairs, and advertise information sessions. The Office of Career Management is in the process of migrating our current FisherConnect to a new platform. We look forward to implementing the new version in mid June, and continuing to help employers successfully recruit students at Fisher!

Company Information Sessions

Many companies host information sessions to build awareness about their businesses and opportunities. These sessions can be held as early as six weeks prior to interviews, or they can be scheduled the evening before the interviews as a way to provide students (especially those interviewing) with more in-depth information.

Participation in Classes and Seminars

An excellent way to share information with Fisher students is to participate in one or more of the student career planning courses, career and job search workshops, conferences, and job search panels offered by the college.

Involvement with Business Student Organizations

Undergraduate and graduate students build exemplary leadership, teamwork, and other essential job skills through more than 40 student organizations at Fisher. Working with student organizations enables you to meet and interact with Fisher students in a more personal setting. Many recruiters sponsor special events or talk with student groups about their businesses and careers.

Corporate Sponsorship Program

Our corporate sponsors attract the attention of the best and brightest candidates, develop a strong campus presence, and gain access to the faculty and student organizations at Fisher.

RECRUIT AT FISHER

A DESTINATION FOR RECRUITERS

Fisher Partnership Centers

Fisher's centers foster productive collaboration between business leaders and educators. Getting involved with a center is a great way to gain access to best practices, students, and faculty.

Graduate Career Foundation Seminars

Program designed to engage new graduate students from the MBA, MHRM, MAcc, SMF and MBLE programs during their first semester at Fisher. Organized by specialization, the Career Foundation Seminars provide early exposure to industries and career fields to help students determine their personal career plans. Employers are encouraged to participate through expert panels on careers and industries as well as sponsoring the seminars.

Undergraduate Industry Clusters

Designed to help undergraduates during their Junior year at Fisher and Ohio State dive into a specific industry while giving companies access to top talent and fresh perspectives on their most relevant business challenges. Through a year-long commitment to the course, company executives and faculty work together to build an in-depth classroom experience using real world challenges. Clusters include Business Analytics, Consulting, Consumer Packaged Goods, Energy and Sustainability, Healthcare, Manufacturing and Middle Market. Companies can become involved through sponsoring a cluster along with providing executives to teach and challenges to be consulted upon by students within the cluster.

Recruiting Events Organized by Career Management

Employer registration for all Fisher recruiting events is organized through FisherConnect

- Fisher Fall Career Fair is held early Fall Semester is Fisher's biggest one day recruiting event attracting over 130 employers and 2000 plus undergraduate and graduate business students.
- Graduate Recruiting Event is all about connecting Fisher graduate students with employers recruiting for both full-time and internship opportunities during the early Fall Semester
- Fisher Spring Internship & Job Fair is held each Spring to provide employers one more chance to recruit both Fisher undergraduate and graduate students for internships and career positions.
- Fisher Spring Connection Conference for graduate program's alumni and friends to learn about Fisher's initiatives while engaging with the college and networking with current graduate students

Fisher Undergraduate Job Shadow Program

- Help students learn about a potential career path in their field
- Effective, low-cost way to promote your company's opportunities
- Network and create a "buzz" among OSU business students
- Identify potential hires
- Receive student feedback that may prove useful in recruiting

This program will be available to freshmen to junior students to help them understand what a "Day in the Life of a" looks like as they explore their career options.

To indicate interest and/or seek additional information, please contact Katie Reynolds at reynolds.520@osu.edu or 614-292-7662 between now and December 3, 2016. In December, you will receive a form to complete with more information about your job shadowing opportunity.

MAXIMIZING THE INTERNSHIP EXPERIENCE

Fisher's top 20 undergraduate program helps our students develop the skills they need for a successful career. But nothing prepares our students for the real world like an internship. When an intern walks into your company on the first day of a 10-week stint, here are a few things to consider.

“What does a student expect from an internship experience?”

A WELL DEFINED PROCESS

Interns need to know who their supervisor is, what the supervisor expects of them, a clear statement and timeline of the project, and built-in evaluation and feedback sessions. Students want to leave the internship with a feeling that they have achieved what they were assigned. Companies that hire interns with the objective of selling their company to them so that they can recruit them permanently will be less interesting than those companies that have solid intern projects and management processes in place.

A MEANINGFUL EXPERIENCE

Having a challenging project where the supervisor and the intern can work together, build a relationship, and achieve a clearly stated and important goal is the most productive internship. Interns sometimes worry that they will be assigned to peripheral/marginal tasks that are neither important to the company nor good learning experiences.

UNDERSTANDING AND GUIDANCE

Interns would like employers to understand that they are not fully qualified for any given position. They don't know the company operating procedures and need time to adjust to the new environment. The most productive experience is one in which a supervisor guides an intern through the process.

A WELCOMING ENVIRONMENT

Interns would like to be treated like actual employees, as much as possible. If there are company meetings where interns can contribute (and the discussion is not classified or sensitive) interns would benefit from participating. Interns would also appreciate being included in social gatherings so they feel they are a part of the company.
