The Special Area Specialization (SAS) is designed for students who have well-defined academic and career interests which are not represented by the twelve specializations offered by the BSBA program. Students must be self-motivated and willing to work in consultation with faculty to develop a cohesive and interdisciplinary area of study.

STEPS TO DECLARING A SPECIAL AREA SPECIALIZATION:

- 1) Complete a thorough search of University academic programs (majors and minors) to ensure that the idea for the SAS does not exist at Ohio State through another college or department.
- 2) Talk to faculty in different departments about the SAS and potential courses for the major to make sure the program is well thought out and the courses are at an appropriate level of depth for the major.
- 3) Schedule an appointment with an Academic Advisor in the Fisher College of Business Undergraduate Programs and Advising office to go over the SAS application and requirements.
- 4) Complete an application for the SAS that includes:
 - Applicant information, faculty signatures, and the title of the SAS
 - Motives and rationale for the Special Area Specialization
 - A list of specific courses that comprise the major.
- 5) Students must have a 3.0 GPA at Ohio State for the SAS to be approved and have completed a minimum of 30 OSU hours.

It is the responsibility of the student to know the published policies governing the curriculum, as well as the regulations and procedures of the college and the university.
