About Singapore Management University

A premier university in Asia, the Singapore Management University (SMU) is internationally recognised for its world-class research and distinguished teaching. Established in 2000, SMU’s mission is to generate leading-edge research with global impact and produce broad-based, creative and entrepreneurial leaders for the knowledge-based economy.

SMU comprises six schools: School of Accountancy, Lee Kong Chian School of Business, School of Economics, School of Information Systems, School of Law and School of Social Sciences, offering a wide range of bachelors, masters and PhD degree programmes in business and other disciplines. SMU received accreditation from AACSB International for both its business and accounting programmes in April 2011, and was shortly awarded the coveted EQUIS accreditation (5 years) for its business programmes in December 2011.

With an emphasis on generating rigorous, cross-disciplinary research that addresses Asian issues of global relevance, SMU's faculty collaborates with leading researchers as well as partners in the business community and public sector through its research institutes and centres. Close relationships with leading universities, including the Wharton School of the University of Pennsylvania and Carnegie Mellon University, allow SMU to draw on their academic and research strengths in various collaborations.

**Pre-requisites**

Some courses require students to fulfil pre-requisites before reading. The pre-requisites are listed in the online course catalogue.

If students have done similar pre-requisites in their home university, they should check with the SMU course instructors if they will accept these pre-requisites.

Pre-requisites may be checked by the SMU course instructors during the first week of the term. Students should prepare a course outline (in English) of the courses they have taken that meet the pre-requisite for the SMU course instructor’s review.

If students would like to try registering earlier (during their assigned window period for online registration) about their pre-requisite courses, they may contact the instructor earlier. A list of the instructors is available via the Faculty Directory at the SMU website.

**Accountancy and Social Science courses**

The School of Accountancy and School of Social Sciences offer very limited courses to exchange students. If the student is an Accountancy or Psychology major, the student must contact the academic advisors to check if there are sufficient accountancy or psychology courses for registration.

*Note to partner universities:

Please send all SMU students’ exchange transcripts to the Global Student Programmes’ academic advisors.
