REQUEST ‘M’ SECTIONS FOR REGISTRATION
(These specialization courses may be taken in any order, as long as prerequisites are met.) Minimum 2.0 required in the specialization to graduate.)

196 DEGREE HOURS NEEDED FOR GRADUATION

HOURS THAT DO NOT APPLY TOWARDS GRADUATION

- Course numbers less than 100 (050, 075-examples) are considered remedial and will not be used towards graduation hours.
- The credit hours for a repeated course will not be counted more than once in meeting graduation requirements.

++The old GEC requirements apply to all undergraduate students admitted to the university and enrolled for any quarter prior to summer quarter 2007, and to transfer students admitted to the university for summer quarter 2007 through spring quarter 2008 who have earned 45 or more hours of transfer credit. The new GEC requirements apply to students beginning their careers as regularly enrolled college students summer quarter 2007 or later (some of these students may have earned more than 45 hours of transfer credit completed while they were enrolled in high school); and to transfer students admitted to the university for summer quarter 2007 or later who have earned fewer than 45 hours of transfer credit.

FINANCE

In addition to receiving broad training in general business management, students specializing in Finance are especially prepared for the increasingly important area of financial management in all types of business including financial institutions. The financial officer has responsibility in such activities as funds and cost analysis, investments, the formulating of credit, and other financial operating policies.

Specific career opportunities include financial management in manufacturing and distributing firms, commercial bank management, savings and loan management, stock brokerage, insurance, security analysis, and trust management. This specialization serves as an excellent foundation for graduate study in business and for the study of law. In addition to career opportunities, the finance curriculum is designed to aid the student in the proper handling of his own financial and investment problems.

FIELDS: Students may find career opportunities in financial management in manufacturing and distributing firms, commercial banks, savings and loan associations, stock brokerage firms, investment banks, and insurance and trust companies.

OUTLOOK: The employment outlook in this field is good. Increasing competition has forced firms to rely increasingly on efficiency in financial matters to insure an adequate profit. The opportunities in the management of banks and other financial institutions are many, and are expected to increase.

PREPARATION: A bachelor’s degree is considered essential for entry into the field of finance in positions of promise. Moreover, college graduates can usually expect additional training by the employer to familiarize them with the firm’s operating policies.

QUALIFICATIONS: Those entering the field of finance should have a deep interest in understanding financial structures and financial analysis, and patience with detail. In addition, many positions in this field require an ability for working with people, both subordinates and customers, in discharging the responsibilities of banking and other financial institutions.

EARNINGS: Starting salaries are competitive and career earnings are very favorable, combining both industry stability and individual growth potential. The average starting salary for 2005-2006 for Fisher students in this major reporting to Fisher Career Services was $45,425. For more specific salary information regarding location and job title, please check out Salary Wizard on Fisher Interview Trak and for national salary information, refer to the NACE quarterly Salary Survey, in the Resource Room in Career Services.

CAREER SERVICES: The Fisher College Career Services Office in 150 Gerlach Hall has numerous services to assist all students with their career needs including assistance with resume writing and interviewing, an active internship program, on-campus interviews, employment and employer resources, and career planning advice. Visit the office and the website at: http://fisher.osu.edu/career/ for more information.
