++The old GEC requirements apply to all undergraduate students admitted
to the university and enrolled for any quarter prior to summer quarter 2007,
and to transfer students admitted to the university for summer quarter 2007
through spring quarter 2008 who have earned 45 or more hours of transfer
credit. The new GEC requirements apply to students beginning their careers
as regularly enrolled college students summer quarter 2007 or later (some
of these students may have earned more than 45 hours of transfer credit
completed while they were enrolled in high school); and to transfer students
admitted to the university for summer quarter 2007 or later who have earned
fewer than 45 hours of transfer credit.
SPECIAL AREA

The Special Area is designed for the student with a cumulative point hour ratio of 2.5 or higher who has a well defined interest which is not represented by the 12 other specializations provided by the BSBA program. Examples might be administrative positions in the performing arts, public relations, professional athletics, or other highly functionalized organizational forms. Since such programs usually result from unique student interests and past experiences, and since there are no existing programs to accommodate such interests, the student is free to select upper-division courses from any department in the university so long as there is cohesive purpose in the group of courses selected and approved. No basic degree requirements are waived for those pursuing special areas. Areas which are represented by graduate degree programs are not subject to becoming special undergraduate majors nor are existing minor programs in other colleges which the BSBA student could take along with another business specialization.

Any student having an interest in this area should seek further guidance with one of the academic counselors in the Undergraduate Program Office, by making an appointment (614) 292-2715 or stopping by 120 Schoenbaum Hall.
